REBECCA KATZ, MS, is the author of *The Cancer Fighting Kitchen: Nourishing Big Flavor Recipes for Cancer Treatment and Beyond* and *One Bite at a Time: Nourishing Recipes for Cancer Survivors and Their Friends*. She consults, lectures, and does culinary demonstrations for leading health-care institutions including University of

California San Francisco and Stanford Cancer Center. She is the Senior Chef at Commonweal Cancer Help Program in Bolinas, California. She holds a Master of Science degree in Health and Nutrition Education and received her culinary training from the Natural Gourmet Institute for Health and Culinary Arts.

Rebecca is re-defining the concept of health-supportive cuisine in a way that's proving deliciously irresistible to patients and professionals alike. Using equal parts warm kitchen-table wisdom and credible scientific knowledge, Rebecca has helped thousands of people improve their health as they battle chronic diseases such as cancer, diabetes, and obesity. She will provide the practical help with healthy eating that you have asked for. www.rebeccakatz.com

JEANNE M. WALLACE, PHD, CNC, is widely regarded as one of the nation's most prominent experts in nutritional oncology. She is the Director of the Nutritional Solutions Consulting Group, providing evidence-based consulting to cancer patients throughout the U.S. and abroad since 1997. She is an independent consultant to oncol-

ogists and other healthcare providers, lectures widely at cancer conferences, and provides educational training to integrative cancer centers. Dr. Wallace is board certified in Holistic Nutrition, and is a member of the National Association of Nutrition Professionals and the Society for Integrative Oncology. Her unique focus is on empowering individuals to harness the power of simple diet and lifestyle changes to modulate the Oncometabolic Milieu, a cluster of nutritional and metabolic factors that translational research has shown can influence the growth and progression of cancer. www.nutritional-solutions.net

Who Should Attend

- Anyone wanting to promote healing of mind, body, and spirit
- Women and men touched by cancer or any life-altering illness
- Healthcare providers
- People supporting friends or family coping with cancer or other illness

At This Workshop You Will Learn

- Diet strategies that strengthen the body's resistance to cancer, complement medical care, and bolster recovery after treatment;
- What specific foods can significantly boost the body's innate ability to resist cancer;
- To utilize standard lab testing to evaluate nutritional factors that may influence cancer outcomes;
- Which foods are most important to avoid (and explore healthy substitutes);
- How some foods (and spices) can alter gene expression, turning off cancer-promoting signals;
- To compare conflicting data and controversial claims of various anti-cancer diets and dietary supplements from a non-dogmatic, evidence-based model;
- How to use flavor carriers to create healthy food that tastes great and is good for you;
- How to minimize the costs of food while maximizing health;
- What kitchen equipment is the safest and most cost effective to have in your kitchen.
